

IRRIGATION PROCEDURE
Temporarily Disable Irrigation

| # | Step | √ |
|---|--|---|
| 1 | CAM fills out the Request to Temporarily Disable Irrigation form and obtains Association President's signature or the Association's Designated Representative's signature. | |
| 2 | CAM uploads the form to an Upkeep work order request. | |
| 3 | The Master Association approves the work order request and assigns it to the Master Irrigation Vendor (MIV) . | |
| 4 | The MIV will adjust irrigation programming according to instructions. | |

Please note the following:

- It may take up to 72 hours to accommodate schedule change requests.
- Forms without a "turn back on" date will NOT be accepted.
